

## **NEXT Campus Improvements** **from Jeremy Gawf**

June 18, 2024

The NEXT improvements on our campus are improvements in our toddler classrooms. We utilized grant funds to purchase soft play equipment, bookshelves, and other furniture for the kiddos.

Updates:

We are actively working on getting the new marquee lifted. We are waiting for a bid to come from National Signs. This bid will include lifting the sign so the base of the sign will be eight feet in the air.

The playground project will be pushed back a few months (hopefully a completion date toward the end of October). This will allow us to take advantage of some cost-saving opportunities. The company we are working with does 50 percent price matching, but the window is only open at the end of July / early August. This will give us a 50 percent discount on the equipment, saving a significant amount of money that will be put toward the back playground (toddler area).

Blessings,  
Jeremy A. Gawf
