

NEXT Campus Improvements from Jeremy Gawf

April 22, 2025

NEXT Campus Improvement: This year sure is going by fast. Our first project is complete. If you haven't noticed we have a new 8-foot fence between the King George and Dove Houses. The new fence provides additional privacy and height, and it eliminates access between both properties.

Additional Projects: The Worship Center painting project began TODAY. The Worship Center walls are being repainted the same shade of white as the church lobby. Doors throughout the church lobby area will be painted to match the doors at the entrance to the Worship Center. We are also working on updating the light switches and electrical outlets. Please be aware that there may be a few weeks where things are slightly out of place. Additionally, the exterior letters on the church building will be repainted black.

Blessings,
Jeremy A. Gawf
