

***NEXT* Capital Campaign Update** **from Jeremy Gawf**

In November 2023, Shepherd of the Hills embarked on a three-year capital campaign, investing in the *NEXT* generation of disciples.

The *NEXT* campaign funds will go toward debt elimination with 10 percent of the pledged amount going to support immediate improvement needs for our school and campus.

Our generous congregation and school families pledged \$1,536,976 toward the *NEXT* campaign. Ten percent is \$153,698. We also collected \$37,526 during the 2023 Big Give fundraiser. This brings the total amount for immediate campus improvements to \$191,224.

Pastor Chris sent a survey to families and staff asking for insight on what campus improvements would be most welcomed. Playground surfacing, playground equipment, and new modular buildings were the top three in that order.

We are currently talking with two vendors collecting quotes and design ideas to renovate the current playground area between the three buildings. This will include new surfacing and playground equipment for all families to enjoy.

The goal is to have this project completed before the next school year.

Blessings,
Jeremy A. Gawf
